Website Growth & Management Proposal

For: Keven J. Stratton Jr., Stratton Law Group · **From:** Daniel Graviet · October 8, 2026

The goal: 8 new estate planning clients a month from the website, plus support for your seasonal H-2A / H-2B visa work. One person handles the website, Google, and lead tracking, so you don't have to.

What I'll Do Each Month

- **Blog posts:** at least 2 estate planning posts a month, often more because I enjoy these topics. Every post is attorney-approved before it goes live.
- **Videos:** short explainers with an attorney, plus custom walkthroughs showing new clients how to get started with the firm.
- **More leads from the site:** a clearer estate planning page, easy contact options, and a fast, healthy site.
- **Lead integration:** website leads sent straight into Lawcus and your other tools, tagged by source.
- **Google Business Profile:** an optimized main profile and a simple process for earning reviews.
- **Monthly report:** a one-page summary of leads, sources, and next steps.

One-Week Work Trial

No setup needed on your end, and you keep everything:

- **2 estate planning blog posts,** ready to publish once an attorney approves them.
- **A custom welcome video** that walks new clients through getting started with the firm.
- **An Estate Planning Search Snapshot** showing what Utah families search for, where you rank, who outranks you, and the top 10 opportunities.
- **A 90-day roadmap to 8 clients a month,** starting with the Lawcus and Google Business Profile setup.

Pricing

Month-to-month with no long-term contract. Billing starts after the trial, and only if you continue.

Option	Price	Best for
A: Flat fee (recommended)	**$300 / month**	Predictable cost
B: Pay per lead	**$50 / qualified lead**, max $500 / month	Paying only for results

A qualified lead is a real person contacting the firm through the website about a service you offer. You own all content and data. Either of us can cancel with 30 days' notice.

Why Work With Me

- **I enjoy this work.** I'm a computer science student who'd choose this technical work anyway. It's a win-win: you get dependable help, and I get to work with a firm I believe in.
- **I've done this before** for Utah firms including Gunter Injury Law, Provo Criminal Defense, and Howard, Lewis & Petersen.
- **I'm focused on results and easy to reach.** I report leads and clients, and I respond quickly.

Next Steps

At the end of the trial week, we review the results together. If you'd like to continue, just choose **Option A** or **Option B**.
